Product: Amoxicillin 500mg Capsules
NDC: 12345-678-90
Batch / Lot Number: AMX-2026-B147
Manufacturing Date: March 2026
Expiry Date: March 2028
Quantity Affected: 120 capsules (2 bottles)

Complaint Details

Type: Product Defect
Upon opening the sealed bottle, several capsules were found stuck together and discolored (yellowish-brown instead of the expected white/light-blue). The capsules appear to have melted or clumped due to apparent heat exposure during transit. The outer seal was intact but the inner foil barrier was compromised. Patient safety concern: affected capsules were not administered.

Attachments
